

Welcome to Kappy's Italian

We are a family run Trattoria typical of the many all over Italy. We have been serving our local customers for many years (43 so far). Due to the current times, that include staff shortages, supply problems and Covid, we are now forced to limit our menu selections. We hope you can find something you like. Once again we thank you for your patronage & all the very best to you and yours.

Valenti Family.
